

Meet our city - Sofia

Team Bulgaria

Video tour

An aerial night photograph of Sofia, Bulgaria, showing a dense urban landscape with numerous illuminated buildings. The city is partially obscured by a thick layer of low-lying clouds or fog. Above the city, the sky is filled with horizontal bands of colorful light, resembling the aurora borealis, in shades of green, blue, and orange. A semi-transparent rectangular box with a blue-to-white gradient is centered over the image, containing the title text.
